

KRK GOVERNMENT DEGREE COLLEGE

DEPARTMENT OF BOTANY

DEPARTMENTAL BEST PRACTICES

2021-22

BEST OUT OF THE WASTE

AIMS AND OBJECTIVES:

1. To add novelty to the class room work
2. Students innate skills would be showcased
3. To motivate others
4. Students mould the left over things into useful properties
5. Students instill the habit of keeping their class room neat and tidy

DESCRIPTION:

With the above aims and objectives in the mind department of Botany has taken up the activity as part of department Best practices. Students were advised to bring used up soft drink bottles of 2L and they were cut into half for good looking. Two holes are made in a close proximity and bottles are tied to the student benches with the help of fibre cords. Now the bottles are changed into garbage bins, where the class room left overs like paper lumps, pencil shavings, wrappers of different edibles are thrown. Every Saturday in the Botany class the collected garbage in the bottle bins are dumped outside premises of the college.

OUTCOME: The above mentioned aim and objectives are achieved
