Alluri Sitarama Raju Jayanti Celebrated at KRK Govt. Degree College, Addanki

vivo V30 Pro | 50mm 1/1.85 1/100s ISO317 07/04/2024, 19:33

Addanki, 04-06-2024: The Katta Ramakoteswara Rao Government Degree College (KRKGDC), Addanki, celebrated the birth anniversary of the legendary freedom fighter, Alluri Sitarama Raju, with great enthusiasm. The event was marked by various competitions including essay writing, debate, and drawing, aimed at inspiring students and remembering the contributions of Alluri Sitarama Raju to India's freedom struggle.

Students actively participated in these competitions, showcasing their talents and knowledge. The college faculty and staff were present, encouraging the students throughout the event. At the conclusion of the celebration, prizes were distributed to the winners, recognizing their efforts and dedication. The event highlighted the importance of remembering freedom fighters and instilling patriotic values among the younger generation.

KRKGDC, Addanki Organizes Hands-on Learning Program on Life Skills

On 09-09-24 KRKGDC, Addanki, successfully organized an innovative hands-on learning program focused on life skills, where students were given practical exposure to making natural soaps and shampoos. This event was designed to enhance students' understanding of eco-friendly product development while emphasizing the importance of using natural ingredients in everyday life.

The departments of Chemistry, Botany, Zoology, and the Inclusive Centre collaboratively contributed to the program's success. Faculty members and students from these departments worked together to demonstrate the step-by-step process of crafting natural personal care products. The Chemistry Department explained the chemical reactions involved in soap-making, highlighting the benefits of using plant-based oils and natural additives. The Botany Department shared valuable insights on sourcing natural ingredients from plants, focusing on the healing properties of various herbs. The Zoology Department, meanwhile, emphasized the environmental benefits of avoiding harmful chemicals in personal care products, discussing the impact of synthetic substances on biodiversity.

The program aimed to equip students with practical life skills while encouraging sustainable practices. By learning how to make soaps and shampoos in a natural way, students not only gained valuable knowledge but also understood the significance of reducing chemical use in their daily routines.

The Inclusive Centre played a pivotal role in making this program accessible to all students, ensuring that every participant could fully engage in the activities. Their contributions underscored the institution's commitment to creating an inclusive and holistic learning environment.

This initiative reflects KRKGDC, Addanki's dedication to providing students with real-world skills and promoting eco-consciousness among the youth. Both students and faculty members expressed their enthusiasm and appreciation for the opportunity to engage in such a practical and impactful learning experience.

KRKGDC, Addanki Conducts Awareness Rally on Dengue and Observes World Population Day

On 10th July, 2024 the Department of Zoology at KRKGDC, Addanki, organized a rally aimed at raising awareness about dengue fever, while the Department of Economics observed World Population Day to shed light on the challenges of population growth.

As part of the rally, Dr. Hanumantharaju and Sri A. Ashok Kumar, lecturers from the Zoology Department, addressed the students and participants on the causes, symptoms, and preventive measures for dengue. They highlighted the importance of maintaining hygiene, eliminating stagnant water, and taking precautionary actions to prevent the spread of the Aedes mosquito, the primary vector of dengue. The rally was designed to educate both the college community and the public about this deadly disease, which has seen a rise in cases during the monsoon season.

Simultaneously, the Department of Economics took the initiative to observe World Population Day, with discussions centered around the growing global population and its socio-economic consequences. Sri D. Gangaiah, Lecturer in Economics, and Sri G. Sivakoti, Lecturer in Political Science, led the session, explaining how rapid population growth impacts resources, employment, and overall economic development. They emphasized the need for population control measures and sustainable resource management to ensure balanced growth and development.

The event successfully raised awareness on both dengue prevention and the challenges posed by increasing population. The collective efforts of the Departments of Zoology and Economics were well-received, with active participation from students and faculty alike. KRKGDC, Addanki continues its commitment to promoting awareness on key social and health issues through such educational initiatives.

KRKGDC, Addanki Observes International Law Day in Collaboration with Rotary Club

On 17th July 2024, KRKGDC, Addanki, in collaboration with the Rotary Club of Addanki and Marturu, celebrated International Law Day with a special event aimed at educating students about civil and criminal laws. The program brought together legal experts, faculty members, and students for an informative and engaging session on the significance of law in society.

Advocate Sri G. Srinivas provided an in-depth explanation of civil laws, highlighting their role in maintaining societal order and addressing disputes between individuals and organizations. His session was followed by an insightful talk from Sri Sk Mohammad Raphi, a lawyer and Rotary assistant, who focused on criminal laws. He discussed the structure of criminal law in India, its role in deterring crime, and the importance of legal awareness among the youth.

The event was graced by the presence of several key figures from the Rotary Club, including Sri Ch. Veeraiah, Sri M. Koteswara Rao, Sri Sambasivarao, Secretary of the Rotary Club, Addanki. Faculty members from KRKGDC, including Sri M. Hanumantharao, lecturer in Zoology, Sri A. Ashok Kumar, lecturer in Zoology, Sri A. Shikhamani, Lecturer in Commerce, Dr. S. Das, Coordinator IQAC, and Dr. V. Prasad, lecturer in Physics were also actively involved in the program, along with enthusiastic participation from students.

Principal Dr. V. Mohanarao appreciated the Rotary Club members for their cooperation and support in organizing the event, noting that such collaborations enrich students' knowledge and prepare them to become informed citizens. The program was a grand success, providing students with valuable insights into the legal system and the importance of law in everyday life. International Law Day at KRKGDC, Addanki, marked an important step in fostering legal literacy among students, empowering them to understand their rights and responsibilities in society.

KRKGDC, Addanki Observes World Hepatitis Day with Awareness Program

On 27th July 2024, KRKGDC, Addanki, marked World Hepatitis Day by organizing a comprehensive awareness program aimed at educating students and faculty about the causes, prevention, and treatment of hepatitis. The event was spearheaded by the Department of Zoology, which brought together experts to share their insights on the global health concern posed by this disease.

Dr. V. Mohanarao, Principal of KRKGDC, inaugurated the event and emphasized the importance of health awareness in academic institutions. He stressed the need for students to not only focus on their education but also to be aware of major health issues such as hepatitis, which affects millions globally. He also highlighted the role of educational institutions in spreading awareness and encouraging preventive measures.

Dr. M. Hanumantharaju, Lecturer in Zoology, delivered a detailed presentation on the different types of hepatitis (A, B, C, D, and E), their modes of transmission, and the preventive steps individuals can take to avoid infection. He emphasized the importance of vaccination, regular health check-ups, and hygiene practices to curb the spread of the disease, particularly Hepatitis B and C, which are known to cause long-term liver damage.

Sri A. Ashok Kumar, Lecturer in Zoology, provided insights into the medical and biological aspects of hepatitis, explaining how the disease affects the liver and its long-term implications if left untreated. He also discussed the recent advancements in medical science for the treatment of hepatitis and encouraged students to adopt a healthy lifestyle to protect themselves from such diseases.

Dr. S. Das, Coordinator of the Internal Quality Assurance Cell (IQAC), shared his thoughts on the importance of creating continuous health awareness initiatives within the college. He applauded the Zoology Department for taking the lead in organizing such a critical program, which not only educates but also empowers students to become ambassadors of health in their communities.

The program saw active participation from students, who engaged in interactive sessions and asked questions about hepatitis, its prevention, and treatment. The initiative reflected KRKGDC, Addanki's commitment to holistic education, ensuring that students are well-informed about crucial health matters alongside their academic learning.

World Hepatitis Day at KRKGDC, Addanki, concluded with a collective resolve to spread awareness about the disease and promote a healthier future, further solidifying the college's role as a center for learning and community well-being.

World Youth Skills Day Celebrated at Veeragandham Degree College, Marturu

On 15th July 2024, World Youth Skills Day was celebrated at Veeragandham Degree College, Marturu, with a special awareness program aimed at empowering students with professional, business, and employable skills. The event, organized in collaboration with the Rotary Club of Marturu, was led by Sri A. Ashok Kumar, Lecturer in Zoology from KRKGDC, Addanki, who served as the chief speaker.

Sri A. Ashok Kumar delivered an insightful session, emphasizing the importance of acquiring a diverse set of skills to succeed in the modern workforce. He explained that today's youth need to develop not only academic knowledge but also practical, professional skills that make them employable in a competitive job market. His address covered a wide range of topics, including career planning, entrepreneurship, and the essential skills needed for success in various professions.

He encouraged students to focus on self-improvement and adaptability, stating that business acumen and problem-solving abilities are crucial for those interested in entrepreneurship, while communication and technical skills are vital for those pursuing employment in corporate or government sectors.

The program saw active participation from the Principal of Veeragandham Degree College, Sri R. Ankamachawdari, who spoke about the significance of World Youth Skills Day and the global need for skilled workers. Sri I. Anjaneyulu, Sri M. Sambasivarao, and Sk. Khajahussain, members of the Rotary Club, also addressed the gathering, encouraging students to take advantage of such skill-based learning opportunities to enhance their career prospects.

The event was attended by staff and students of Veeragandham Degree College, Marturu, who expressed their gratitude for the opportunity to learn about essential skills from an expert. The Rotary Club members played an integral role in organizing and supporting the event, reflecting their commitment to the development of youth in the region.

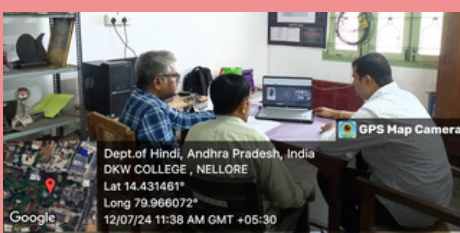

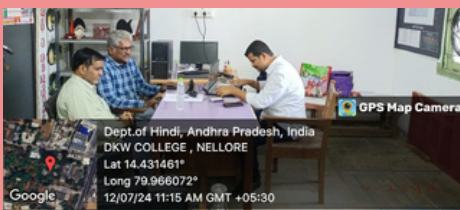

The program concluded with a vote of thanks from the college, acknowledging the efforts of Sri A. Ashok Kumar and the Rotary Club for their contribution towards skill development. World Youth Skills Day served as a platform to inspire students to embrace lifelong learning and prepare themselves for the challenges of the future workforce.
